

HELP HUMANITY. DRIVE NEW REVENUE.

A TURNKEY SOLUTION

Trust Scripts makes it easy to provide your members with FREE discount prescription cards by offering an easy turnkey kit. This kit contains extremely simple instructions and "how-to's" for distributing the card.

THE TRUST SCRIPTS MISSION

Trust Scripts was created with an underlying mission of helping uninsured and underinsured Americans afford prescription medicine.

In addition, we strive to educate and create awareness among the general public of ways prescription medicine can be made more affordable. We are working toward the day that all individuals, regardless of financial status or insurance coverage, will be able to afford the medications they need to be well.

THE TRUST SCRIPTS FOUNDATION

We feel so strongly that we set up our own foundation, the Trust Scripts Foundation, and we donate a portion of the profit made from each use of a Trust Scripts Card directly to our foundation. The Trust Scripts Foundation has a mission of helping the uninsured or underinsured in America afford the medicine and the care they need to be well.

EARN REVENUE

As a Trust Scripts Champion, your organization is eligible to receive a portion of the profit generated from each transaction associated with every Trust Scripts Card that you distribute. This contribution can become a new, strong source of revenue for your organization or you may opt to redirect your contribution to the Trust Scripts Foundation.

For more information visit our website at www.TrustScripts.com or call 800-340-0047. On our website you will find a wide variety of tools to help your members save on prescription medications, including our Proactive Alerts Tool that emails card holders info on where to find the cheapest medicine!
